(2) holds a special permit issued by the board.

**(b) The following persons are exempt from the licensing or special permit requirements of this chapter:**

(9) A graduate of a foreign college of veterinary medicine who is in the process of obtaining an ECFVG certificate and who is under the direct supervision of faculty of the School of Veterinary Medicine at Purdue University.

(10) A veterinarian who is enrolled in a postgraduate instructional program in an accredited college of veterinary medicine performing duties or actions assigned by faculty of the School of Veterinary Medicine at Purdue University.

**Sec. 2. To become a licensed veterinarian, a person must:**

(1) not have a conviction for a crime that has a direct bearing on the person's ability to practice ethically and competently;

(2) not have committed an act that would have been a violation of IC 25-1-9-4 or IC 25-1-9-6;

(3) pay the fees required under this article;

(4) have successfully completed a program in veterinary medicine from an accredited college of veterinary medicine; and

(5) have successfully completed the examinations described in section 4 of this chapter or qualify for a license without examination under section 5 of this chapter.

However, a person who was licensed as a veterinarian in Indiana on August 31, 1979, is not required to meet the requirements of subdivision (4) or (5).

**Sec. 3. (a)** As used in this subsection, "term" refers to an academic semester, trimester, or quarter. A person desiring a license to practice veterinary medicine shall make written application to the board. The application must state that the applicant is:

(1) a graduate of an accredited college of veterinary medicine; or

1 proof has been furnished to the board either that the applicant has  
 2 graduated from an accredited college of veterinary medicine or  
 3 that the applicant is the holder of an ECFVG certificate. The  
 4 application must show reasonable information and proof required  
 5 by the board by rule. The application must be accompanied by the  
 6 required fee.

7 (b) If the board determines that the applicant possesses the  
 8 proper qualifications, the board may grant the applicant a license.  
 9 If the board determines that the applicant is not qualified to take  
 10 the examination or that the applicant does not qualify for a license  
 11 without examination, the executive secretary of the board shall  
 12 immediately notify the applicant in writing of the finding and the  
 13 grounds for the finding. Applicants found unqualified may request  
 14 a hearing on the question of their qualifications.

15 Sec. 4. (a) The board shall hold at least one (1) examination for  
 16 licensing veterinarians and one (1) examination for registering  
 17 veterinary technicians each year. However, the board may hold  
 18 additional examinations. The agency shall give notice of the date,  
 19 time, and place for each examination at least ninety (90) days  
 20 before the date set for the examination. A person desiring to take  
 21 an examination must make application not later than the time the  
 22 board prescribes under IC 25-38.1-2-12.

23 (b) The board must approve the preparation, administration,  
 24 and grading of examinations. Examinations must be designed to  
 25 test the examinee's knowledge of and proficiency in the subjects  
 26 and techniques commonly taught in veterinary schools. To pass the  
 27 examination, the examinee must demonstrate scientific and  
 28 practical knowledge sufficient to prove to the board that the  
 29 examinee is competent to practice veterinary medicine or to act as  
 30 a registered veterinary technician as the case may be. The board  
 31 may adopt and use examinations approved by the National Board  
 32 of Veterinary Medical Examiners.

33 (c) To qualify for a license as a veterinarian or to be registered  
 34 as a veterinary technician, the applicant must attain a passing  
 35 score in the examinations.

36 (d) After the examinations, the agency shall notify each  
 37 examinee of the result of the examinee's examinations. The board  
 38 shall issue a license or registration certificate, as appropriate, to  
 39 each individual who successfully completes the examinations and  
 40 is otherwise qualified. The agency shall keep a permanent record  
 41 of the issuance of each license or registration certificate.

42 (e) An individual who fails to pass the required examinations

**C  
o  
p

1 may apply to take a subsequent examination. Payment of the  
2 examination fee may not be waived.

3 (f) If an applicant fails to pass the required examination within  
4 three (3) attempts in Indiana or any other state, the applicant may  
5 not retake the required examination. The applicant may take  
6 subsequent examinations upon approval by the board and  
7 completion of remedial education as required by the board.

8 **Sec. 5.** The board may issue a license without an examination to  
9 a qualified applicant who:

10 (1) furnishes satisfactory proof that the applicant is a  
11 graduate of an accredited college of veterinary medicine or  
12 holds an ECFVG certificate;

13 (2) for the five (5) years immediately preceding filing an  
14 application has been a practicing veterinarian licensed in a  
15 state, territory, or district of the United States that has license  
16 requirements substantially equivalent to the requirements of  
17 this chapter; and

18 (3) otherwise meets the requirements of this chapter.

19 **Sec. 5.5. (a)** An individual may not act as a registered veterinary  
20 technician unless the person is registered as a veterinary technician  
21 in Indiana or has been issued a special permit by the board.

22 (b) An individual is not required to meet the registration  
23 requirements for a registered veterinary technician under this  
24 article while the individual is:

25 (1) a full-time student in an accredited veterinary technology  
26 program performing duties or actions assigned by faculty or  
27 staff of the accredited program; or

28 (2) working under the direct supervision of a licensed  
29 veterinarian to perform tasks that are an educational  
30 requirement of the accredited program.

31 **Sec. 6.** To become a registered veterinary technician, a person  
32 must:

33 (1) not have a conviction for a crime that has a direct bearing  
34 on the person's ability to practice competently;

35 (2) pay the required fees;

36 (3) be at least eighteen (18) years of age;

37 (4) have successfully completed four (4) years of high school  
38 education or an acceptable equivalent;

39 (5) have either successfully completed an accredited  
40 veterinary technology program or have been a registered  
41 veterinary technician on August 31, 1981; and

42 (6) show that the person has the necessary knowledge and

o

skills to be a registered veterinary technician, demonstrated by successfully passing the required examinations.

Sec. 7. (a) The board may refuse to issue a registration or may issue a probationary registration to an applicant for registration as a veterinary technician under this chapter if:

(1) the applicant has been disciplined by a licensing entity of another state or jurisdiction; and

(2) the violation for which the applicant was disciplined has a direct bearing on the applicant's ability to competently practice as a registered veterinary technician in Indiana.

(b) Whenever issuing a probationary registration under this section, the board may impose any or a combination of the following conditions:

(1) Report regularly to the board upon the matters that are the basis of the discipline of the other state or jurisdiction.

(2) Limit practice to those areas prescribed by the board.

(3) Continue or renew professional education.

(4) Engage in community restitution or service without compensation for a number of hours specified by the board.

(c) The board shall remove any limitations placed on a probationary registration issued under this section if the board finds after a hearing that the deficiency that required disciplinary action has been remedied.

(d) This section does not apply to an individual who currently holds a registration certificate under this chapter.

Sec. 8. The board may issue a registration without an examination to a qualified applicant who:

(1) furnishes satisfactory proof that the applicant has successfully completed an accredited veterinary technology program;

(2) for the five (5) years immediately preceding filing an application has been acting as a registered veterinary technician in a state, territory, or district of the United States that has registration requirements substantially equivalent to the requirements of this chapter; and

(3) otherwise meets the requirements of this chapter.

Sec. 9. An applicant for registration as a registered veterinary technician shall complete an application form prescribed by the board. Each application shall be accompanied by the required registration fee and other material that the board may require by rule. Each applicant shall furnish proof to the board that the applicant meets the requirements of a registered veterinary

1 technician under this chapter.

2 Sec. 10. A license or registration certificate issued under this  
3 article is valid for the remainder of the renewal period in effect on  
4 the date of issuance.

5 Sec. 11. (a) A license issued under this chapter is valid until the  
6 next renewal date described under subsection (b).

7 (b) All licenses expire on October 15 in each odd-numbered year  
8 but may be renewed by application to the board and payment of  
9 the proper renewal fee. In accordance with IC 25-1-5-4(c), the  
10 agency shall mail a notice sixty (60) days before the expiration to  
11 each licensed veterinarian and provide the veterinarian with a  
12 form for renewal. The agency shall issue a license renewal to each  
13 individual licensed under this chapter if the proper fee has been  
14 received and all other requirements for renewal of the license have  
15 been satisfied. Failure to renew a license on or before the  
16 expiration date automatically renders the license invalid without  
17 any action by the board.

18 Sec. 12. (a) A registration certificate issued under this chapter  
19 is valid until the next renewal date described under subsection (b).

20 (b) All registration certificates expire on January 1 of each  
21 even-numbered year but may be renewed by application to the  
22 board and payment of the proper renewal fee. In accordance with  
23 IC 25-1-5-4(c), the agency shall mail a notice sixty (60) days before  
24 the expiration to each registered veterinary technician and provide  
25 the registered veterinary technician with a form for renewal. The  
26 agency shall issue a registration certificate renewal to each  
27 individual registered under this chapter if the proper fee has been  
28 received and all other requirements for renewal of the registration  
29 certificate have been satisfied. Failure to renew a registration  
30 certificate on or before the expiration date automatically renders  
31 the license invalid without any action by the board.

32 Sec. 13. (a) An individual who:

33 (1) practices veterinary medicine after the individual's license  
34 has expired, been revoked, or been placed on inactive status;  
35 or

36 (2) acts as a registered veterinary technician after the  
37 individual's registration has expired, been revoked, or been  
38 placed on inactive status;

39 violates this article.

40 (b) A veterinarian may renew an expired license or a registered  
41 veterinary technician may renew an expired registration certificate  
42 not later than five (5) years after the date of expiration by making

C  
o  
p

1 written application for renewal and paying the required fee.  
 2 However, the board may require continuing education as a  
 3 condition of renewal of an expired license.

4 (c) A veterinarian may not renew an expired license, and a  
 5 registered veterinary technician may not renew an expired  
 6 registration certificate, after five (5) years have elapsed after the  
 7 date of the expiration of a license or a registration certificate, but  
 8 the person may make application for a new license or registration  
 9 certificate and take the appropriate examinations.

10 (d) To have a license or registration placed on inactive status, a  
 11 licensed veterinarian or registered veterinarian technician must  
 12 notify the board in writing of the veterinarian's or technician's  
 13 desire to have the license or registration placed on inactive status.  
 14 The board shall waive the continuing education requirements, if  
 15 any, and payment of the renewal fee during the period the license  
 16 or registration of a veterinarian or technician is on inactive status.  
 17 A license or registration may be placed on inactive status during  
 18 the period:

- 19 (1) the veterinarian or technician is on active duty with any
- 20 branch of the armed services of the United States;
- 21 (2) the veterinarian or technician is in the Peace Corps;
- 22 (3) the veterinarian or technician is in an alternative service
- 23 during a time of national emergency;
- 24 (4) the veterinarian or technician is suffering from a severe
- 25 medical condition that prevents the veterinarian or technician
- 26 from meeting the requirements of the board; or
- 27 (5) after the veterinarian or technician retires.

28 A veterinarian or technician who is retired and on inactive status  
 29 may not maintain an office or practice veterinary medicine. The  
 30 board may adopt rules under IC 4-22-2 that establish prerequisites  
 31 or conditions for the reactivation of an inactive license or  
 32 registration.

#### 33 Chapter 4. Practice; Discipline; Prohibitions

34 Sec. 1. (a) During working hours or when actively performing  
 35 the registered veterinary technician's duties, a registered  
 36 veterinary technician must wear a unique mark of identification on  
 37 the technician's clothing that is approved by the board and that  
 38 identifies the technician as a registered veterinary technician.

39 (b) An individual who is not a registered veterinary technician  
 40 may not use the title "registered veterinary technician",  
 41 "veterinary technician", or the abbreviation "R.V.T.".

42 (c) An individual who is not a registered veterinary technician

may not advertise or offer the individual's services in a manner calculated to lead others to believe that the individual is a registered veterinary technician.

**Sec. 2. A:**

- (1) registered veterinary technician; or
- (2) veterinary assistant;

may not diagnose, make a prognosis, prescribe medical or surgical treatment, or perform as a surgeon. However, the registered veterinary technician may perform routine procedures defined by board rules while under the direct or indirect supervision of a licensed veterinarian responsible for the registered veterinary technician's performance.

**Sec. 3. (a)** A supervising veterinarian shall determine and is responsible for determining the appropriate level of supervision, except where prohibited by law, if the tasks being delegated are commensurate with employee's training, experience, and skills.

**(b)** Registered veterinary technicians may, under direct or indirect supervision, perform routine food animal management practices if a valid veterinarian-client-patient relationship exists.

**(c)** A registered veterinary technician or veterinary assistant may not receive a fee or compensation for veterinary services other than salary or compensation paid by the establishment where the individual is employed.

**(d)** In the performance of delegated veterinary tasks, a registered veterinary technician and veterinary assistant shall do the following:

- (1) Accept only those delegated veterinary tasks for which there are mutually approved protocols, written standing orders, or verbal directions.
- (2) Accept only those delegated veterinary tasks that:
  - (A) the registered veterinary technician or veterinary assistant is competent to perform based on education, training, or experience; and
  - (B) are not prohibited by law.
- (3) Consult with the supervising veterinarian in cases where the registered veterinary technician or veterinary assistant knows or should have known that a delegated veterinary task may harm an animal.

**Sec. 5. (a)** A licensed veterinarian may write prescriptions. Pharmacists shall give the prescriptions written by a licensed veterinarian the same recognition given the prescriptions of persons holding an unlimited license to practice medicine or

1 osteopathic medicine.

2 (b) A valid veterinarian-client-patient relationship must exist  
3 before a licensed veterinarian dispenses or prescribes a  
4 prescription product.

5 (c) Veterinary prescription products, including drugs and  
6 immunizing products restricted by state and federal law for use by  
7 licensed veterinarians, may not be diverted or transferred to an  
8 individual for use on an animal if there is not a current  
9 veterinarian-client-patient relationship with the original  
10 prescribing veterinarian.

11 (d) If a veterinarian prescribes a drug or immunizing product  
12 for the client's animal, upon request, the veterinarian shall provide  
13 the prescription to the client, unless prohibited by state or federal  
14 law or to prevent inappropriate use.

15 Sec. 5.5. (a) Each person who provides veterinary medical  
16 services shall maintain medical records, as defined by rules  
17 adopted by the board.

18 (b) Veterinary medical records include the following:

19 (1) Written records and notes, radiographs, sonographic  
20 images, video recordings, photographs or other images, and  
21 laboratory reports.

22 (2) Other information received as the result of consultation.

23 (3) Identification of any designated agent of the owner for the  
24 purpose of authorizing veterinary medical or animal health  
25 care decisions.

26 (4) Any authorizations, releases, waivers, or other related  
27 documents.

28 (c) The client is entitled to a copy or summary of the veterinary  
29 medical records. A veterinarian may charge a reasonable fee for  
30 copying or summarizing the requested veterinary medical record.  
31 The veterinarian may require that the request be in writing.

32 (d) Except as provided in subsection (e) or upon written  
33 authorization of the client, an animal's veterinary medical record  
34 and medical condition is confidential and may not be:

35 (1) furnished to; or

36 (2) discussed with;

37 any person other than the client or other veterinarians involved in  
38 the care or treatment of the animal.

39 (e) An animal's veterinary medical records and medical  
40 condition may be furnished without written client authorization  
41 under the following circumstances:

1 federal statute.

2 (2) An order by a court with jurisdiction in a civil or criminal  
3 action upon the court's issuance of a subpoena and notice to

6 abstracted in a way as to protect the identity of the animal  
7 and the client.

8 (4) As part of an inspection or investigation conducted by the  
9 board or an agent of the board.

10 (5) As part of a request from a regulatory or health authority,  
11 physician, or veterinarian:

12 (A) to verify a rabies vaccination of an animal; or

13 (B) to investigate a threat to human or animal health, or  
14 for the protection of animal or public health and welfare.

15 (6) As a part of an animal cruelty report and associated  
16 applicable records that are part of an abuse investigation by  
17 law enforcement or a governmental agency.

18 (7) To a law enforcement agency as part of a criminal  
19 investigation.

20 (8) To the School of Veterinary Medicine at Purdue  
21 University, the animal disease diagnostic laboratory, or a  
22 state agency or commission. However, an animal's veterinary  
23 medical records remain confidential unless the information is  
24 disclosed in a manner allowed under this section.

25 (9) Veterinary medical records that are released by the board  
26 of animal health when in the judgment of the state  
27 veterinarian the disclosure is necessary or helpful in  
28 advancing animal health or protecting public health.

29 Sec. 6. Notwithstanding this chapter, in an emergency, in the  
30 absence of the licensed veterinarian employer, an employee of a  
31 licensed veterinarian may perform the duties it is lawful for the  
32 employee to perform under the direct supervision of the licensed  
33 veterinarian according to the rules of the board and the written  
34 authority of the licensed veterinary employer.

35 Sec. 7. A licensed veterinarian or a registered veterinary  
36 technician who, on the veterinarian's or technician's own initiative,  
37 gives emergency treatment to a sick or injured animal is not liable  
38 in damages to the owner of the animal in the absence of gross  
39 negligence. If a licensed veterinarian performs euthanasia on the  
40 animal, there is a presumption that performing euthanasia was a  
41 humane act, necessary to relieve the animal of pain and suffering.

42 Sec. 8. (a) An animal placed in the custody of a veterinarian is

considered to be abandoned five (5) days after the veterinarian has given written notice to the individual who delivered the animal to the veterinarian that the animal should be reclaimed by the individual. Written notice must be delivered by certified mail to the place given by the individual as the individual's mailing address at the time the individual delivered the animal to the veterinarian.

(b) Abandonment of an animal under this section constitutes the relinquishment of all rights and claims by the owner of the animal. An abandoned animal may be sold or otherwise disposed of as the veterinarian may see fit. The purchaser or recipient of an abandoned animal shall receive full and clear title to the animal.

(c) The giving of notice as provided in this section relieves the veterinarian and all persons who receive an abandoned animal from the veterinarian of criminal or civil liability.

(d) The individual who delivered an animal abandoned under this section is liable for all reasonable and customary expenses incurred for diagnosis, treatment, hospitalization, surgery, board, euthanasia, and disposal of the abandoned animal.

Sec. 8.5. A veterinarian or registered veterinary technician who reports in good faith and in the normal course of business a suspected incident of animal cruelty under IC 35-46-3-12 to a law enforcement officer is immune from liability in any civil or criminal action brought for reporting the incident.

Sec. 9. Upon written complaint sworn to by any individual, the board may, by the concurrence of four (4) members, after a hearing and based upon findings of fact, discipline a registered veterinary technician by revoking or suspending the technician's registration for a time certain, by placing the technician on probation, or by any other appropriate means for any of the following reasons:

- (1) The use of fraud, misrepresentation, or deception in obtaining a registration.
- (2) Intoxication or the unlawful use of a controlled substance.
- (3) The use of advertising or solicitation that is false or misleading or is considered unprofessional under rules adopted by the board.
- (4) Conviction of or a plea of guilty to the charge of a felony or misdemeanor involving moral turpitude.

**C

(8) Disciplinary action taken against the technician's registration by the board or by the licensing agency of any other state or jurisdiction by reason of the technician's inability to practice safely as a registered veterinary technician, if the reason is valid in the opinion of the board.

**Sec. 10. A person who knowingly:**

**commits a Class A misdemeanor.**

**Sec. 12. (a) If a person engages in the practice of veterinary medicine without a license or certificate issued under this article:**

- (1) the attorney general;
- (2) a prosecuting attorney;
- (3) the board; or
- (4) a citizen;

**may maintain an action in the name of the state to enjoin the person from engaging in the practice of veterinary medicine.**

**(b) In charging a person under subsection (a) in an affidavit, information, or indictment with a violation of this article, it is sufficient to charge that the person did, on a certain date and in a certain county, engage in the practice of veterinary medicine without a license or permit issued under this article.**
